Essential Elements of the NEPA Process

Maine Division Office

- Purpose and Need
- Alternatives
- Effects Analysis
- Mitigation
- Public involvement
- Interagency coordination
- Documentation

Purpose and Need

Maine Division Office

- Provides the critical foundation for successful decisionmaking
- Provides the basis for a reasonable range of alternatives, evaluations and comparisons

Alternatives

Maine Division Office

- As part of the NEPA process, we must develop and analyze:
 - A reasonable range of alternatives
 - Avoidance/minimization alternatives
 - No Build/No Action alternative

Effects Analysis

Maine Division Office

- For each alternative identified, we must analyze all the environmental* effects**

*natural, social, economic, human environment
**direct, indirect, cumulative effects

Mitigation

Maine Division Office

- Mitigate for adverse effects
- Types of mitigation include:
 - Avoidance
 - Minimization
 - Repair, rehabilitation, restoration
 - Preservation
 - Compensation

Public Involvement & Interagency Coordination

Maine Division Office

U.S. Department of Transportation
Federal Highway Administration

Documentation

Maine Division Office

- Informs decision-makers
- Evidence of alternatives and impacts analysis
- Proof of compliance
- Informs the Administrative Record

U.S. Department of Transportation
Federal Highway Administration

Conclusion

Maine Division Office

The goal of the NEPA process is to make better decisions to solve transportation problems.
