**New Business**

1. **KYC Town Wharf request / update** – Tom Morris from the KYC came to thank the Board for making adjustments to schedule the maritime festival and apologized for not getting it on the calendar sooner. He stated he would make sure to ask the Board for permission in the future.
2. **Community Trash Clean-up** – Zoey, a 6<sup>th</sup> grader at Blue Hill Consolidated School, presented her “20% project” to the Board, implementing a community trash clean-up day to be held on May 6<sup>th</sup>, 2023. The “20% project” is a project for gifted and talented students to pursue a passion or area of interest. At the end of the project the students will give a 5-10 minute “Ted” style talk about their project and the success, or if further work on the project is needed. Zoey is working with mentor Chrissy Beardsley Allen from the Blue Hill Heritage Trust on this project. Zoey has spoken with Josh Gray, owner of Blue Hill Disposal, about leaving a dumpster on Friday May 5<sup>th</sup>, and having it emptied on Monday May 8<sup>th</sup> after the clean-up day is done. Zoey requested that the dumpster be emptied at zero cost to Josh. Ellen stated that the Town has a certain amount of poundage of trash that they can be disposed of at no cost, it should be no problem to allow this project to use that privilege. BHCS has a trash clean-up day for students only, but this year Zoey wanted to get the entire community involved in hopes to create a larger impact. Zoey would like to leave a table at the Town Hall for the community to pick up garbage bags and rubber gloves prior to the clean-up day. Zoey would also like to be set up outside the Town Hall the day of the clean-up for community members to be able to pick up materials if needed. Nick stated he would get this on the calendar and coordinate building access for this effort.
