When an application is received, the CEO shall give a dated receipt to the applicant. The applicant shall provide a list of the names and addresses of all current abutting land owners of the proposed project with the application. In the event the property on which the project is located contains frontage on a road, abutting land owners shall include those on the opposite side of said road. The applicant shall be responsible for sending a notice (provided by the Town) of the proposed project and application via certified mail, return receipt requested, to all abutting land owners and shall provide the CEO with copies of the completed return receipts and an affidavit stating the terms of this condition have been met.

There shall be included a location map, to a scale of not less than 1" to 400', showing the relationship of the proposed project to all land within 3,000 feet of any property line.

All such fees must relate to the review of the application pursuant to the review criteria of the State of Maine and the Town of Blue Hill, and in addition may be used for conducting public hearings related to the Planning Board's review of the application.

Upon final approval or denial of the subdivision application, the CEO shall provide the applicant with a final accounting of this account and shall refund to the applicant all of the unexpended portion, if any, of the escrow-account fee after payment of all costs related to the Planning Board's review of the application. Escrow-account fees shall not be used by the Planning Board for any enforcement purposes, nor shall the applicant be liable for costs incurred by the Planning Board which exceed the amount deposited to the escrow account, except by mutual agreement.
